

How to register for the Nematology Digital Learning Platform (NDLP)

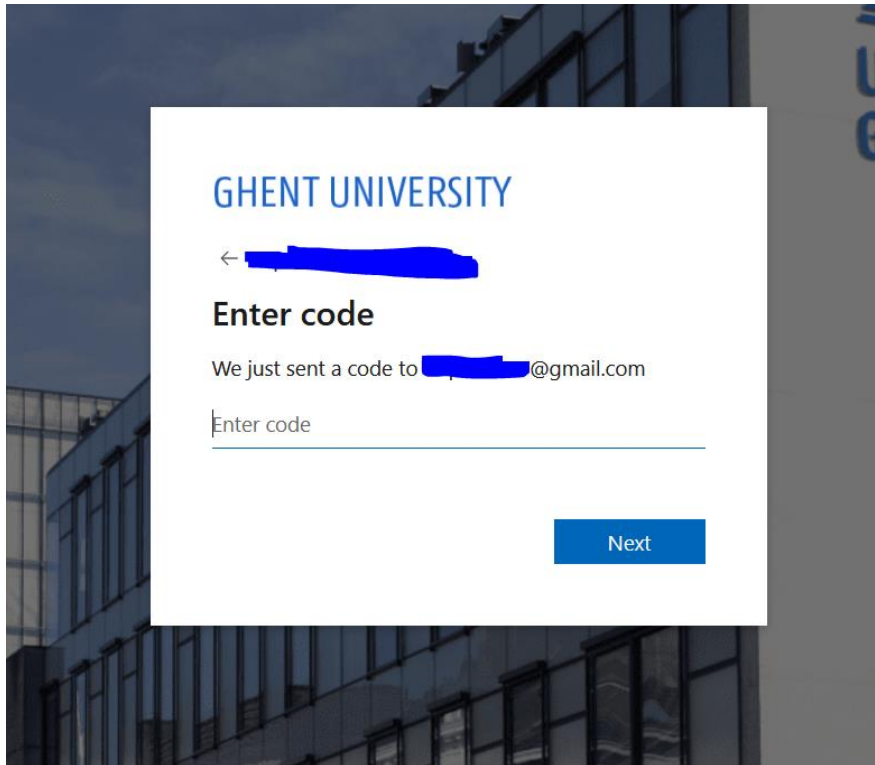

Go to [Ufora UGent](#) – you can click on ‘en’ in the right corner for the English version of the website. Then click on “UFORA LOGIN”

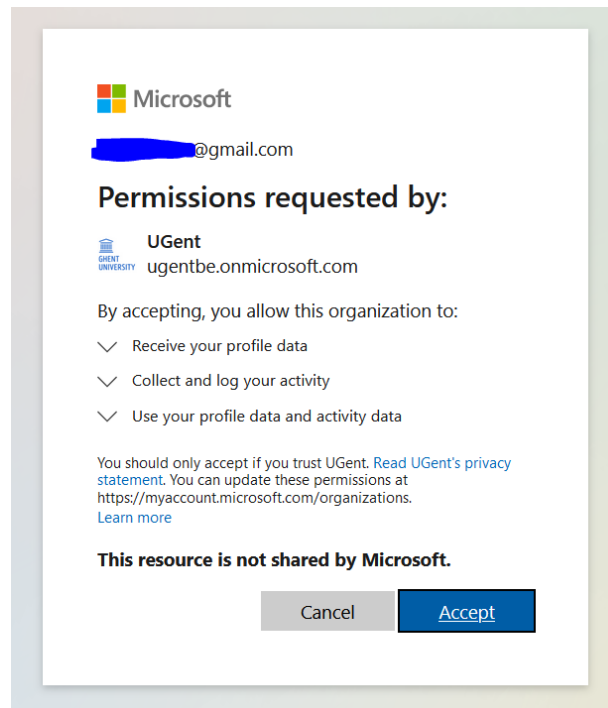

You will be asked to SIGN IN, but as you do not have an account, you should choose to make an account:

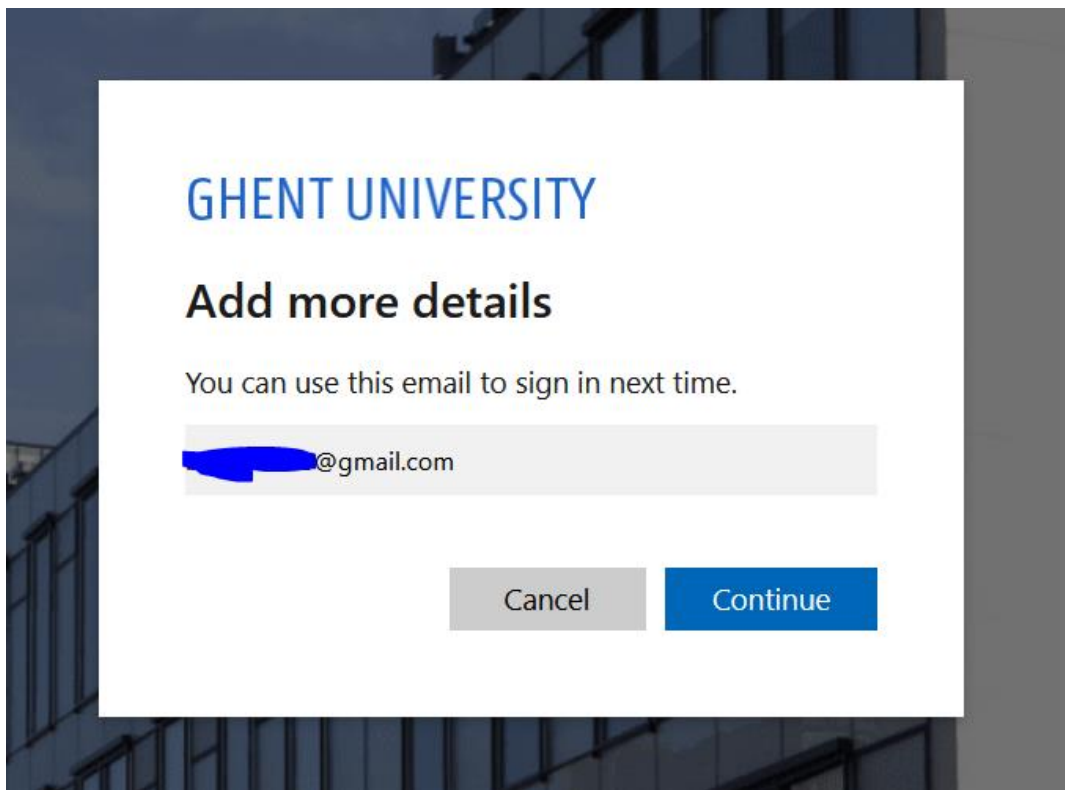

Choose to make on based on your e-mail address, click NEXT. Then you will see the image below. Go to your e-mail inbox where you will have received an e-mail with an access code. Insert the access code.

Choose 'ACCEPT'

Click "CONTINUE"

Register yourself with your real first NAME (= given name) and LAST NAME (family name)

A screenshot of the UFORA registration page. The top left shows the Ghent University logo and "UNIVERSITEIT GENT". The top right has a blue header with "UFORA" and links for "Report problem", "Logout", "User admin", "nl", and "en". The main heading is "Register a new Ufora account". Below are two input fields: "First name" with placeholder "Insert first name" and "Last name" with placeholder "Insert last name". A blue "Register" button is at the bottom.

You may end up on a webpage giving an ERROR, just neglect and click on AGENDA or CALENDAR. You are now on UFORA, but you do not yet have access to the Nematology Digital Learning Platform.

To get access, send an e-mail to nematology.gent@ugent.be and ask for permission to enrol for the NDLP. We will then give you access to the NDLP within 24h.

Once you have received access – click on the 9-squares square, where you can get find the NDLP listed.

General Settings

In the meantime you can change some settings:

1. In case the webpage is not in English, click on your name in the upper right corner and choose "ACCOUNTINSTELLINGEN" (account settings)

The screenshot shows the UGent agenda interface. At the top right, a user profile dropdown menu is open, listing options: Meldingen, Accountinstellingen (highlighted in yellow), Voortgang, and Afmelden. The main content area shows an agenda for 'Vandaag en morgen' with a calendar grid for the month of June. The date 16 is highlighted in the grid.

You can change language preference here – do not forget to SAVE (OPSLAAN)
